

MYRON DARREL MONTEFALCON

ML OPs Engineer & NLP Researcher

www.linkedin.com/in/myroncodez
darrelmontefalcon@gmail.com
0976 312 5303

EDUCATION

Technological Institute of the Philippines (TIP) (Doctoral)
PhD. in Computer Science
2025 - PRESENT

Technological Institute of the Philippines (TIP) (Masters)
Master of Science in Computer Science
2023 - 2025

National University - Manila (Undergraduate)
Bachelor of Science in Computer Science with specialization in Machine Learning
2018 - 2022

- Consistent First Honor Dean's Lister (2018 - 2022)
- Magna Cum Laude
- Department of Science and Technology (DOST) Scholar
- University Academic Excellence Benefit (UAEB) Scholar
- Pasig City Scholar (PCS)

SKILLS

- Research:** Experienced in qualitative and quantitative analysis.
- Presentation:** Skilled in public speaking and technical presentations.
- Machine Learning:** Proficient in NLP and Computer Vision using TensorFlow, PyTorch using ML or DL algorithms
- ML OPs:** Proficient in model operationalization, CI/CD, automation, model monitoring (drift, performance), and governance using GitLab CI/CD, Airflow, Snowflake, and AWS.
- Data Science:** Experienced in regression, classification models, analysis with Pandas, NumPy, and visualization with Seaborn.
- Web Development:** Basics in HTML, CSS, JavaScript.
- Programming:** Proficient in Python (Django, Flask)

CHARACTER REFERENCES

Ramon Rodriguez
Thesis Advisor and Academic Director

WORK EXPERIENCE

Machine Learning Operations Expert: Globe Telecom
AUGUST 2024 - PRESENT

- Model Ops:** Operationalize and maintain ML models for business, customer, and subscriber insights.
- R&D:** Develop PoCs for MLOps maturity, process optimization, and automation improvements.
- Governance:** Monitor model scores, drift, and performance to ensure reliability and compliance.
- BAUs:** Manage scoring and inference pipelines for decision-making, including whitelisting and predictions on a weekly and monthly basis.

NLP DEVELOPER & RESEARCHER: CHED & NATIONAL UNIVERSITY
SEPT 2022 - JUNE 2024

- NLP Model Development:** Craft and deploy advanced NLP models for sentiment analysis, entity recognition, and topic modeling to analyze community feedback.
- Data Science Expertise:** Manage the full data science lifecycle, from data collection and preprocessing to modeling and analysis, using Python, TensorFlow, PyTorch, and Scikit-learn.
- Insight Generation:** Experienced in extracting insights from both quantitative and qualitative data, guiding community engagement strategies.
- Capacity Building:** Conduct AI, NLP, and data science training programs across Philippine universities, enhancing local expertise.
- Scholarly Contributions:** Publish and present research findings in top-tier conferences and journals, showcasing the project's impact on community participation.
